Eurasia Execution Lab

Is an international group of companies. We cover 4 strategic macro-regions: West, Central, North, and South Eurasia

Headquarters:

Istanbul, Turkey

Combined team management experience:

Over 15 years

We reduce operational costs by up to 20%

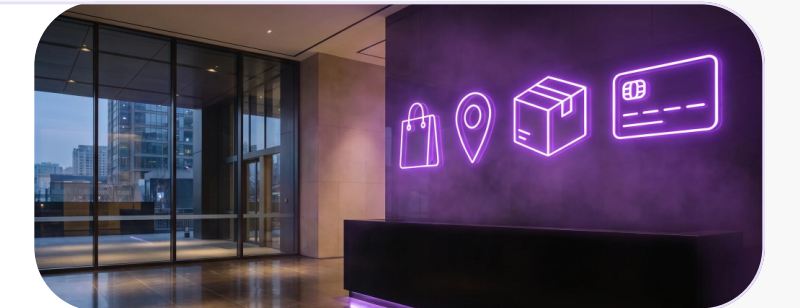

HR	Scalable Workforce	We deploy trained teams for retail and logistics within 14–21 days . We replace your HR department and fully handle Payroll & Admin
MRKT	Shelf Management	We guarantee 100% product availability for your customers. Independent audits that replace managers' reports
TECH	Engineering Launch	Production and installation of any complexity — from electronics to metal structures. Product localization without searching dozens of factories
INVEST	Secure Expansion	We provide a financial and legal umbrella so you can grow without administrative risks

Industries we work with

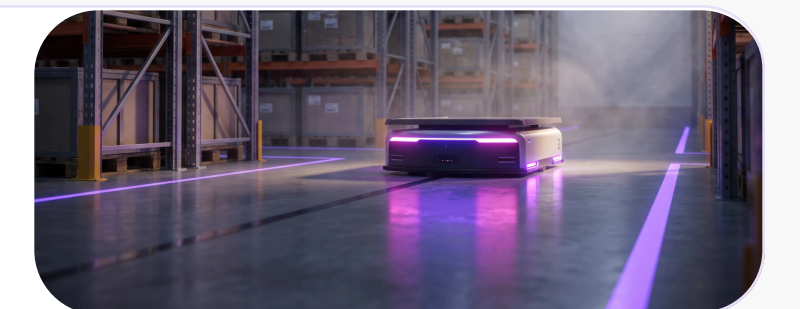

01 HoReCa (hotels, restaurants, catering)

02 Retail / Store chains

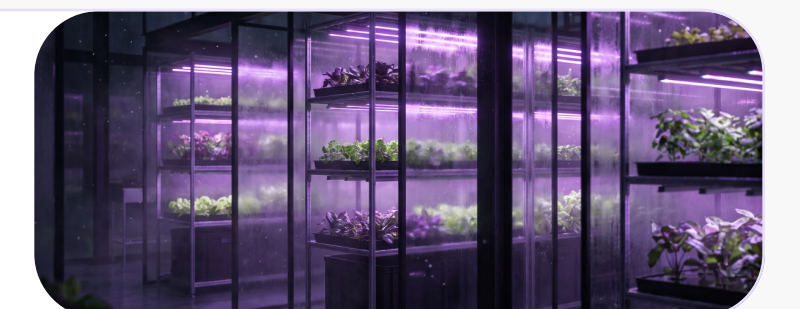

03 Logistics / Warehouses

04 Food and industrial manufacturing

05 Agro-industrial sector (related to food production and agriculture)

06 Construction

07 Shopping and business centers (retail, services, facility management)

We speak the language of results

Standardized customer service during the launch of an international hotel brand in a new market

Uzbekistan

120 monthly “Mystery Guest” audits + development of training systems adapted to local mentality

Guest Satisfaction Index (CSI) increased by 22%. Service time optimized by 18%

Scaled a warehouse to meet the needs of an e-commerce platform during peak season

Poland

Recruited and deployed 85 employees in 18 days through Payroll & Admin system (no additional load on the clients HR)

Reduced cost per order processed by 12% through optimized shift scheduling

Regained control over shelf placement and stock levels in 40+ stores after changing the local distributor

Kazakhstan

Implemented independent audit with photo verification and analytics via our proprietary systems

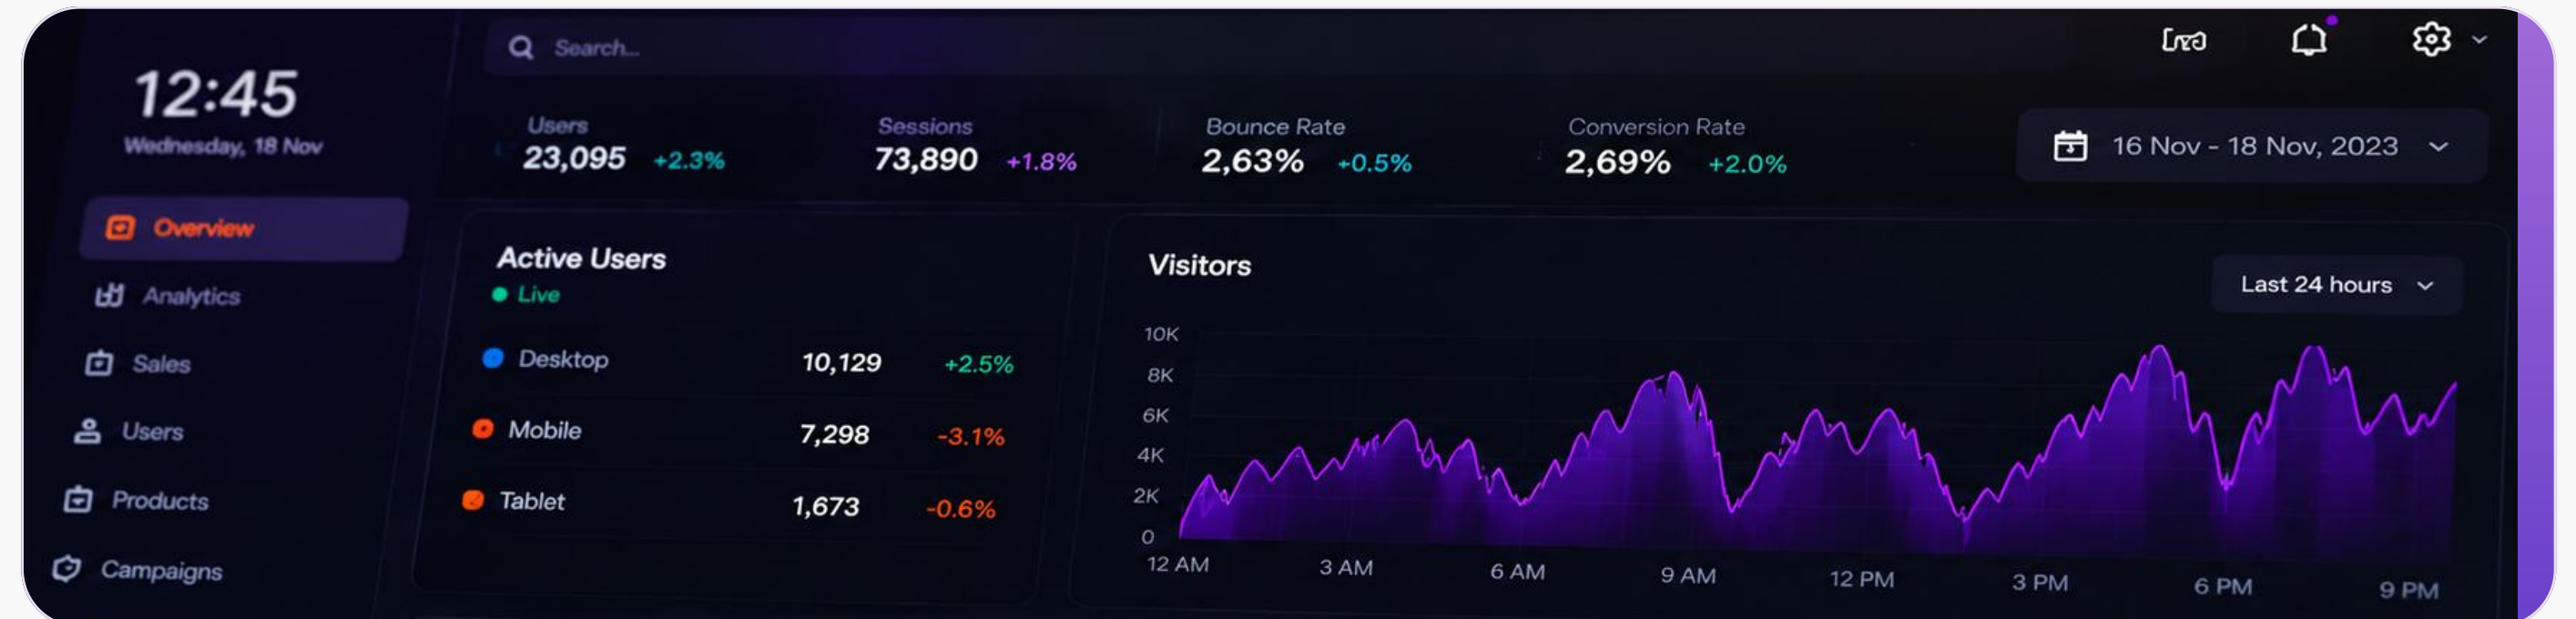

On-Shelf Availability (OSA) restored from 70% to 96%. Quarterly sales growth of 11%

Tech-driven back office: data instead of intuition

01

Data-Driven Control:

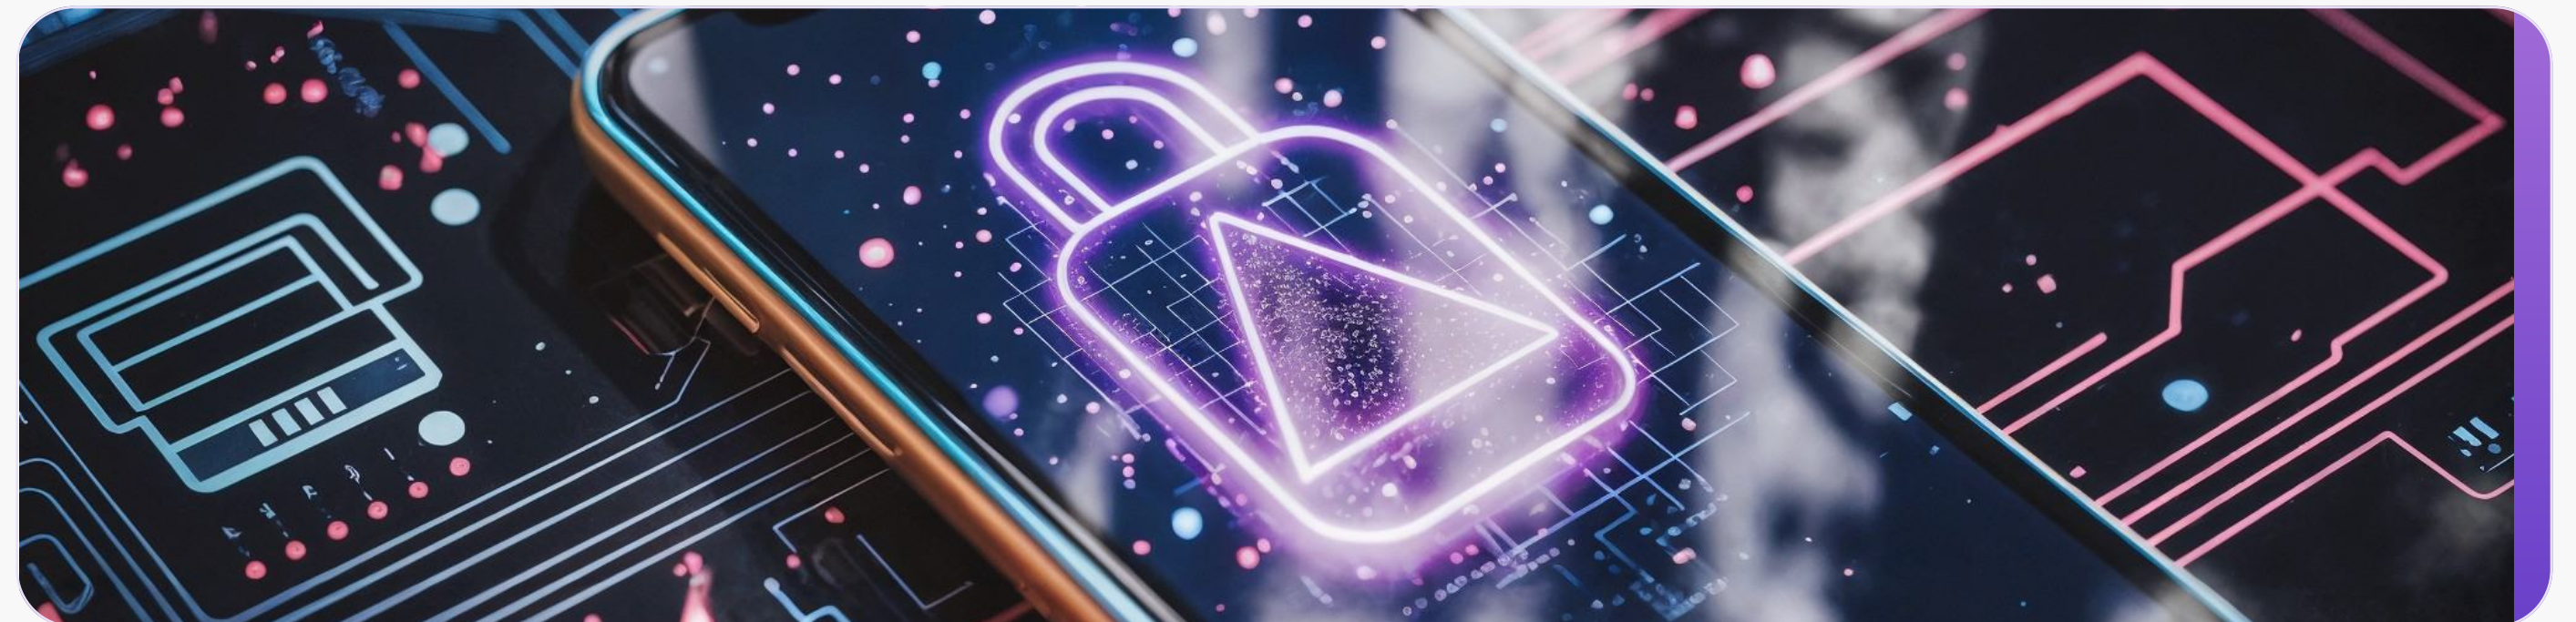

AI monitoring and proprietary dashboards

02

Seamless Access:

24/7 access to our reporting ecosystem

03

Compliance:

100% legal clarity in every region. We take on the risks — you take the profit

Partnership Launch Plan: 0–90 Days

01

Audit & Strategy:

In-depth interviews, process analysis,
and Gap analysis

02

Pilot Phase:

Launch of a pilot division or test region

03

Scaling:

Full rollout of the model, implementation
of KPI systems and regular reporting
